DETAILED ACTION

Election/Restrictions

The election of species of record is maintained.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

Claims 9-11, 15 are rejected under 35 U.S.C. 103(a) as being unpatentable over Wilkinson et al., Houston, Robison or Petell et al.

Applicant argues that the references do not teach that the enzyme can be administered intranasally. This is not well taken since it is clear in each of the references that nasal administration is clearly taught. Since the references clearly teach the administration of the enzyme by intranasal means then it clearly would have been well within the purview of the skilled artisan to administer the enzyme intranasally.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1654

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
